HOUSE BILL NO. 195

INTRODUCED BY REPRESENTATIVE JURDIN JESUS M. ROMUALDO

EXPLANATORY NOTE

This is a refiled bill of Hon. Xavier Jesus D. Romualdo of the Lone District of Camiguin. In the 18th Congress, this bill was forwarded to the Senate for its appropriate action.

A portion of the explanatory note of Cong. Xavier Jesus D. Romualdo is reproduced to from part of the explanation as to its refiling:

“The Constitution provides the right to travel shall not be impaired except in the interest of national security, public safety, or public health, as may be provided by law. To enhance and protect the right to travel, this measure provides that only minimal requirements shall be prescribed for the issuance of passports and travel documents. Hence, this measure aims to simplify the documentation requirements and the application process of passports. This measure likewise takes into later statutes, such as the “Domestic Adoption Act of 1988” and the “Citizenship and Reacquisition Act of 2003”, and other developments that have a bearing on the issuance of passports to and the possession thereof by certain citizens.

More than twenty years have passed since the enactment of Republic Act No. 8239, or the Philippine Passport Act of 199. In order for government to be able to better serve the people, we must constantly revisit, review, and update our statutes so that our laws are able to respond to and meet the needs and demands of the present times. This measure is a step in that direction.”

This bill seeks to harmonize the provisions of the existing Passport Law with current domestic laws and international agreements affecting the application and issuance of passports.

It mandates the issuance of passports using tamper proof and latest data management technology. It simplifies the passport documentation requirements of the Department of Foreign Affairs – Office of Consular Affairs in conformity with existing laws and standards set by the International Civil Aviation Organization (ICAO).

It directs the DFA to implement a system wherein senior citizens may renew their passports without personal appearance through the use of modern technology. Mandates the issuance of diplomatic passports to the Secretary of the Senate and the Secretary General of the House of Representatives.

It requires the DFA to create three (3) different databases: 1.) a database containing all current and previous passport and travel document records of Filipinos and recognized alien residents; 2.) a watch list database containing names of persons whose passport applications have been denied or revoked; and 3.) a database containing the names and information of persons who committed passport related offenses.

It authorizes the issuance of other travel documents based on specific circumstances such as:

1.) Emergency Travel Document to Filipino citizens who have been previously issued regular passports but for certain reasons cannot apply for or be issued regular passports;

2.) Travel Document Certificate for Filipinos to be repatriated, alien, or spouse of a Filipino and their dependents, who are yet to be naturalized and aliens permanently residing in the Philippines; and

3.) Convention Travel Document for stateless persons, refugees, and or asylums in the Philippines.

It declares as passport related offenses the acts of illegally withholding a passport and forging of visas and entry documents, and provides penalties therefor. It further provides stiffer penalties for offenses relating to the issuance, forgery, and improper use of passports and travel documents, multiple possession of passports. Furthermore, it imposes the maximum penalties when offenses are committed by a syndicate or in a large scale; and deletes the provision on the accreditation of travel or recruitment agencies since DFA does not authorize such agencies anymore to apply for passports on behalf of the applicants.

With the laudable intent of this bill, the earnest support of the Members of Congress is highly enjoined.
