AN ACT
GRANTING FREE POST-GRADUATE EDUCATION TO PUBLIC
AND PRIVATE SCHOOL TEACHERS IN STATE COLLEGES
AND UNIVERSITIES AND LOCAL UNIVERSITIES AND COLLEGES
AND PROVIDING FUNDS THEREFOR

EXPLANATORY NOTE

This bill proposes to give free post-graduate scholarship for public and private school teachers.

The right of a teacher to professional development is recognized by the 1987 Constitution, the *Magna Carta for Public School Teachers* (Republic Act 4670), and the 1996 Recommendation concerning the Status of Teachers of the United Nations Education, Scientific and Culture Organization (UNESCO) and the International Labor Organization. The State must therefore make this right a reality by, among others, ensuring that post-graduate education is free and accessible to public and private school teachers.

It is a common complaint among teachers in the field that, aside from having no sufficient time due to heavy teaching and non-teaching-related loads given to them, they have no money for enrolling in and finishing masteral and doctoral courses. No post-graduate education means that the chances of promotion are bleak. Since Philippine teachers, both in public and private schools, are among the most underpaid in the world, it is very rare for teachers to set aside savings which could be spent for further education.

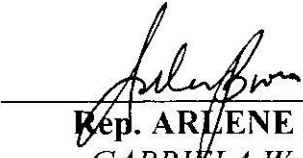

If this bill is enacted, teachers will have a chance to upgrade their educational and professional growth by affording them post-graduate education in state and local universities and colleges without the additional financial burden.

For the above reasons, approval of this bill is earnestly sought.
