Currently, the TESDA Davao City-Davao del Sur Provincial Office also covers Davao City which has the largest number of targets, deliverables, and scope of operations that comprises of at least 60% of the regional targets, as well as having the largest span of areas (182 barangays) and population (approximately 1.78M) to be provided with Technical Vocational Education and Training (TVET) programs and services.

To address this, the bill seeks to establish a separate TESDA District Office in Davao City which shall provide better and more focused TVET services for the people of the City of Davao.
