House Bill No. 2134

Introduced by **Representative Florida P. Robes**

EXPLANATORY NOTE

The City of San Jose Del Monte Bulacan have been dubbed as "The Rising City" and the success of the same carries with it the inevitable effects of progress such as traffic.

With the ongoing construction of the MRT-7 and one of its stations to be built in San Jose del Monte Station together with a depot and an intermodal transport terminal (ITT), traffic congestion will likely be a problem except advance planning and measures will be undertaken as early as possible.

As such, the introduction of the attached bill not only addresses the possible future implications of progress due to happen in San Jose Del Monte Bulacan but will also result to a smooth flow of the influx of transportation coming in and out of the City.

Thus, the approval and passage of this bill is being earnestly sought.
