NINETEENTH CONGRESS

House Bill No. 2807

Introduced by Representative DANTE S. GARCIA

EXPLANATORY NOTE

La Union is considered the capital of Region I since it houses the regional centers of government. While La Union is home to the best medical centers in Region I, not a single medical school exists in the province. The existence of a medical school in La Union will allow prospective doctors to get their training at the best medical centers in the region and possibly discover the cure for diseases that are incurable.

The lack of a medical school in the center of Region I raises further the already high cost of medical education for the residents of La Union. Medical students need to consider transportation and accommodation expenses in their education budget. This unduly deprives the residents of La Union easy access to medical education.

The *Don Mariano Marcos Memorial State University* (DMMMSU) was created by virtue of Presidential Decree No. 1778, which was signed by President Ferdinand E. Marcos on January 15, 1981. It is the lone state university in La Union that offers quality and accessible world-class education to the residents of La Union and nearby provinces.

This bill seeks to establish a College of Medicine in the Don Mariano Marcos Memorial State University – South La Union Campus in Agoo, La Union, to be known as *Don Mariano Marcos Memorial State University College of Medicine*. This shall provide an opportunity to the people of La Union easy access to quality medical education and training within the locality. The proximity of the medical education institution to residences will reduce the costs for transportation and accommodation. In the long run, this measure shall address doctor shortage in the country as the institution will be more accessible to the prospective doctors of La Union and in neighboring provinces.

In view of the foregoing, approval of this bill is earnestly sought.
