

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila
NINETEENTH CONGRESS
First Regular Session
HOUSE BILL NO. 3511

Introduced by HONORABLE ROMEO M. ACOP

EXPLANATORY NOTE

The Solid-Marikina Infanta Road is a provincial road situated in Antipolo City. It is a two-lane concrete road with an approximate length of 6.71 kilometers and a width of 6.30 meters. It runs from the Antipolo-Teresa Road to the Marikina-Infanta Road.

The reconstruction and improvement of the subject road have been continuously undertaken through the years and thereby greatly improving its surface, road alignment and drainage structures. With the use of the said road, the more efficient movement of commuters and goods have been evident. This resulted to an enhanced flow of trade and commerce and the delivery of basic services in the communities traversed by the said road.

However, without appropriate funding for maintenance, the road will slowly and progressively deteriorate. Without proper and consistent attention to it, the condition of such infrastructure would absolutely decline. As such, this emphasizes the need to provide funds for the purpose of continuously maintaining the road at its best condition for the general welfare of commuters and motorists plying the route.

The conversion of the Solid-Marikina Infanta Road into a national road is aimed at ensuring its continuing contribution to the economic growth and development not only of the economically depressed barangays traversed by it but also of the adjacent municipalities.

With its conversion into a national road, funds from the National Government through the Department of Public Works and Highways can now be appropriated to facilitate its continued maintenance and improvement.

For the foregoing reasons, the immediate passage of this measure is earnestly sought.
