NINETEENTH CONGRESS
First Regular Session

HOUSE BILL NO. 3632

Introduced by Representative Christian S. Unabia

EXPLANATORY NOTE

Republic Act No. 10644, otherwise known as the "Go Negosyo Act" was enacted to promote the ease of doing business and facilitate access to government services for micro, small and medium enterprises (MSMEs) through the Negosyo Centers to be established in all provinces, cities and municipalities nationwide, pursuant to the law.

The functions of the Negosyo Centers are in the areas of: (1) business registration assistance; (2) business advisory services; (3) business information and advocacy; and (4) monitoring and evaluation.

On business advisory services, the Negosyo Centers are tasked to co-organize a mentoring program for prospective and current entrepreneurs and investors, and likewise to conduct other programs or projects for entrepreneurial development in the country.

Since calendar year 2016, the Department of Trade and Industry (DTI) and the Philippine Center for Entrepreneurship (PCE) implemented the Mentor ME Program which is aimed at coaching the mentee-micro and small enterprises on the different aspects of business operations, covering topics on entrepreneurial mindset, product development, marketing, operations management, accounting, taxation, finance, obligations and contracts, human resource management, supply and value chain, and business plan development.

The Mentor ME Program has proven to be successful in helping micro and small entrepreneurs scale up their enterprises, with the end in view of spurring economic activity and generating employment opportunities. To ensure its continuity, there is the need to institutionalize, through legislation, the conduct of the Mentor ME Program, by including it as a function of the Negosyo Centers.

One other proposed amendment to RA 10644 is the institutionalization of the business counsellors who provide the aforementioned functions of the Negosyo Centers, by making them organic employees of the DTI.

The above-mentioned provisions of the proposed Act will be in line with the following priority directions of the Micro, Small and Medium Enterprise Development (MSMED) Plan 2017-2022:

- Capacity building and development of entrepreneurial culture: business mentoring and access to technical advice; and
- Improving coordination and service delivery to MSMEs in the regions through the Negosyo Centers.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
