

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

NINETEENTH CONGRESS
First Regular Session

House Bill No. **3878**

Introduced by Representative Dante S. Garcia

EXPLANATORY NOTE

Article XIII Section 7 of the 1987 Philippine Constitution states that, "The State shall protect the rights of subsistence fishermen, especially of local communities, to the preferential use of the communal marine and fishing resources, both inland and offshore. It shall provide support to such fishermen through appropriate technology and research, adequate financial, production, and marketing assistance, and other services. The State shall also protect, develop, and conserve such resources. The protection shall extend to offshore fishing grounds of subsistence fishermen against foreign intrusion. Fish workers shall receive a just share from their labor in the utilization of marine and fishing resources.

This bill seeks to establish an inland freshwater fish hatchery in the Municipalities of Aringay and Tubao, Province of La Union, to address the growing nutritional and economic needs, and ensure long-term food security of the people of La Union.

The establishment of these hatcheries shall improve the economy by providing employment opportunities and livelihood support to fisherfolks. It will also be useful to the Bureau of Fisheries and Aquatic Resources (BFAR) in its research and experimentation on different freshwater species.

The Bureau of Fisheries and Aquatic Resources (BFAR) has completed the study and inspection of the proposed sites in both municipalities and found these sites qualified for the establishment of an inland freshwater hatchery.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
