EXPLANATORY NOTE

The Boy Scout Movement was started by Robert Baden-Powell, the chief scout of the world in England in the year 1908. America adopted the scouting by year 1909 and brought it to the Philippines as early as 1912. From the first Filipino troop with 26 boys formed on November 15, the Boy Scouts of the Philippines (BSP) was formally inaugurated only until January 1, 1938.

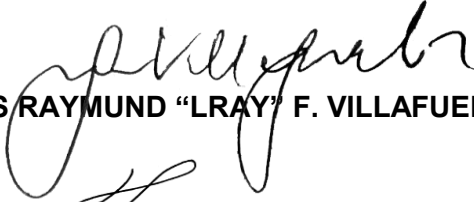

Even a century later, BSP is still recognized to be the most influential, largest, and fastest-growing youth organization in the Philippines. As of January 2020, there are 2,804,227 registered members and adult leaders with a 2% monthly growth rate or roughly around 47,000 new scouts per month. The growth of the Scouting movement in the Philippines continued from Commonwealth Act No. 111 until subsequent amendments under Presidential Decree No. 460 and Republic Act No. 7278 which carries its mission to inculcate in scouts the love of God, country, and fellowmen, to prepare the youth for responsible leadership, and to contribute to nation-building as enshrined to the ideals, principles, and programs for scouting.

According to the Department of Education (DepEd), the scouting program of the BSP is an effective program in the leadership and value-formation of every child. The goals and objectives of BSP as well are consistent with the DepEd's mission to develop boys and young men into well-rounded individuals having characters worthy of becoming this country's new breed of responsible and dedicated leaders. The BSP indeed has been true to its Scout's Oath and Law.

Further, the BSP's significant role in youth development aids the school system to mold pupils and students into responsible citizens of the country. It has an exemplary contribution not only in achieving quality education but also in providing a co-curricular program that prevents the youth from involving themselves in drugs and other vices. As such, membership and participation in Boy Scouting and its programs, projects and activities should be encouraged and supported by the schools.

With all its insurmountable impact in the society, this bill echoes the ideas of the BSP and its objective to redefine the powers, duties and functions of the BSP as an independent, voluntary, autonomous, non-government organization auxiliary to the Republic of the Philippines and parallel to the Charter of the Philippine Red Cross under Republic Act 10072. To add, this bill is consistent with the provisions of the Constitution of the World Organization of the Scout Movement (WOSM), where the BSP maintains membership since 1946. This proposed Charter will also pave the way for the installation of a more concrete institution for youth development, making BSP more attuned to the changing calls of the time and to the growing challenges that our youth are facing everyday.

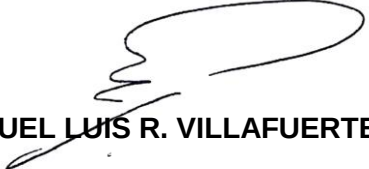

In view of the foregoing, the immediate approval of this measure is earnestly sought.

LUIS RAYMUND "LRAY" F. VILLAFUERTE, JR.
