HOUSE BILL NO. **4593**

Introduced by Representative Khymer Adan T. Olaso

EXPLANATORY NOTE

The advancement of a national standard in the operational management of all local jails, sub-provincial jails, and district, city and municipal jails, is of paramount importance to better uphold the basic and constitutional rights of inmates who are detained/ serving their sentence in such jail facilities. With such standard firmly established and faithfully observed, there will be uniformity and boosted efficiency in the implementation of the plans and programs that are geared toward the more effective rehabilitation of inmates.

At present, Republic Act No. 6975 provides that “provincial jails shall be supervised and controlled by the provincial government within its jurisdiction”. Hence, under the said law, the Bureau of Jail Management and Penology is not tasked with the operational management, supervision and control of all the existing provincial jails.

Toward the vision of establishing a national standard in the operational management of all local jails, R.A. 6975 and R.A. 9263 are herein proposed to be amended such that the Bureau of Jail Management and Penology shall now be tasked with the supervision and control of all local jail facilities.

In addition to the rationale stated above, this Act likewise offers the following advantages, to wit:

1. There will be established a uniform and standardized policy on the administration and supervision of all local jails.

2. The administration and operation of all local jails will be entrusted to the BJMP, which is a specialized agency the mission of which is specifically geared toward the safekeeping, reformation and rehabilitation of inmates. Thus, the objectives of public safety and institutional correction through jail supervision and management could be better attained through this Act.

3. The provincial government will be unburdened with the task of supervising and maintaining a jail facility resulting to its being able to devote its focus to its more pressing responsibilities.

4. This Act will promote the professionalization of all jail personnel, which will now include the provincial jail guards.

In view of the foregoing, approval of this bill is earnestly sought.
