

NINETEENTH CONGRESS OF THE
REPUBLIC OF THE PHILIPPINES
First Regular Session

HOUSE OF REPRESENTATIVES

HOUSE BILL No. **4895**

Introduced by Representatives **DAVID "JAY-JAY" C. SUAREZ** and
ANNA MARIE VILLARAZA-SUAREZ

EXPLANATORY NOTE

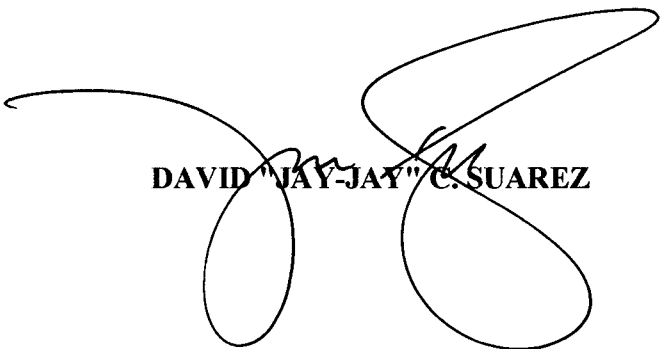

The prevailing cases of dog bites inflicted with rabies are still a public health problem in the Philippines. These unfortunate losses in the lives of our people could be prevented had there been an easy access to animal proper care and treatment and even the necessary vaccination.

The legislative intent of this measure is to establish a Veterinary Hospital in the Southern Luzon State University Catanauan Campus. This will provide many households with pet dogs and cats to receive proper care and treatment, and even anti-rabies vaccination. It will also serve as a training facility for our future veterinarians as it will be strategically constructed in the university.

Consistent with the provision¹ of the Animal Welfare Act, the Director of the Bureau of Animal Industry will supervise and regulate the establishment, operation, and maintenance of the Veterinary Hospital herein sought.

The core objective of this proposed bill is to protect and promote the welfare of pet household animals. As a fully operating veterinary hospital, this is expected to provide services such as, but not limited to, spray and neuter castration, deworming, and ear cleaning.

In view thereof, the passage of this bill is respectfully requested.

DAVID "JAY-JAY" C. SUAREZ

ANNA MARIE VILLARAZA-SUAREZ
