

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

NINETEENTH CONGRESS

First Regular Session

HOUSE BILL NO. **5091**

Introduced by JANICE Z. SALIMBANGON

EXPLANATORY NOTE

This is a refiled bill. This bill was already approved on the third and final reading during the 18th Congress and was submitted to the Senate of the Philippines on August 2, 2018, however due to the lack of material time, its process was stalled in the Senate.

To reiterate, the entire island of Bantayan including certain islets thereof were declared wilderness by virtue of Presidential Proclamation No. 2151. The island of Bantayan consisting of the municipalities of Sta. Fe, Bantayan, and Madridejos has a total land area of Thirteen Thousand Three Hundred Thirteen (13,313) hectares, more or less.

Time immemorial the island of Bantayan and the other islets thereof have been inhabited. The main industries in the islands are fishing, poultry and tourism. Tourism has become the major economic contributor in the island. There is no denying the fact that the influx of tourism, demands for transportation and accommodation complete with water, electricity, and communication facilities must be met. The different infrastructure thereon must therefore be developed. To do so, the government must aggressively take the necessary step to attract private individuals and entities willing to pour investments to provide the services needed.

The rationalization of the management thereof of certain islands of Bantayan island and Daanbantayan from wilderness into agricultural, commercial, residential, industrial, and for other similar productive purposes must be the government's initiative to answer the needs of the time. The reclassification of these lands will pave the way to the establishment of different infrastructures and services that would cater the needs of the island.

Considering the magnificence and the rich local heritage of the island, the government's affirmative stance in reclassifying these areas will definitely contribute much to the success of the tourism industry not only in the island of Bantayan but to the entire country as well. Economic development will definitely soar which will pave to the creation of significant number of jobs.

The island of Bantayan has so much more to offer; but developments and changes in the islands are very limited because of its current status as dictated by the Presidential Proclamation No. 2151. As stated in the earlier paragraphs, time is changing, and it is only imperative for us to change the status of the island to pave the way for developments that could contribute to its success in the future.

Mindful also of the intent of the Presidential Proclamation No. 2151, the areas outside the agricultural lands shall remain within the coverage of presidential Proclamation No. 2151 and shall

be declared national parks as provided for in the Philippine Constitution and in compliance with the E-NIPAS Act.

In view of the foregoing, the approval of this bill earnestly sought.
