

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

NINETEENTH CONGRESS
First Regular Session

House Bill No. **5120**

Introduced by Representative Gabriel H. Bordado, Jr.

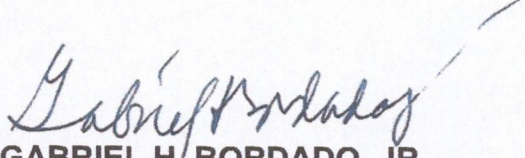

EXPLANATORY NOTE

In order to provide the Filipino youth with the best quality of education, it is important that we adapt to the modernization and quickly changing technology. We need to give both our students and teachers with the best tools and equipment that would maximize learning.

In today's modern world, education does not only take place in the classroom with the aid of textbooks. A lot of students now rely on gadgets and the internet to accomplish class requirements, store notes and lessons, and learn more about their lessons outside the materials provided to them. Likewise, teachers need to find new ways to keep lessons engaging.

The COVID-19 pandemic highlighted the need to digitalize and modernize the modes of education. Internet access, computers, and gadgets have shifted from being supplemental materials to essential requirements. But most Filipino families don't have the resources to spend on gadgets. Having libraries is one way we could address this. Digitalizing educational materials like modules and textbooks and making them available through the Philippine Online Library would ensure that the avenues to pursue education would be open to all, even those in remote areas or those with limited resources to do so.

This Act seeks to digitalize all books necessary for public education and to establish the Philippine Online Library.
