HOUSE BILL NO. 7174

Introduced by Rep. Celso Gomera Regencia and Rep. Gloria Macapagal-Arroyo

EXPLANATORY NOTE

This bill seeks to establish a district hospital in Iligan City to be known as the Iligan City District Hospital.

Section 11, Article XIII of the 1987 Constitution provides:

“Sec. 11. The State shall adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all the people at affordable cost. There shall be priority for the needs of the underprivileged sick, elderly, disabled, women, and children. The State shall endeavor to provide free medical care to paupers.”

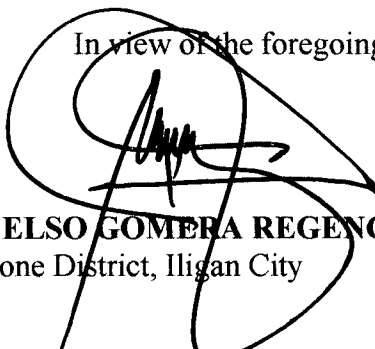

Iligan City is a highly-urbanized city in Northern Mindanao with a population of 342,618 inhabitants according to the 2015 census with an estimated 1.25% increase rate annually. It is geographically located in the province of Lanao del Norte but administered independently from the province. It was once a part of Central Mindanao (Region XII) until the province was transferred to Northern Mindanao (Region X) in 2001.

Of the seven (7) hospitals in Iligan City, only one, the Gregorio T. Lluch Memorial Hospital, also known as the “City Hospital,” is a government hospital, managed by the local government unit of Iligan City. Unfortunately, the city hospital of Iligan is not equipped with adequate medical equipment and services to cater to the health needs of the people.

With the establishment of the Iligan City District Hospital, residents of Iligan City will no longer need to endure and make the almost two-hour journey to Cagayan de Oro City just to avail better medical services, which further compounds their woes and financial burdens particularly in times of emergencies.

Realizing the utmost urgent medical needs of the residents of Iligan City, it is necessary that a district hospital must be established to serve as a better alternative for the people of Iligan.

In view of the foregoing, approval of this bill is earnestly sought.
