NINETEENTH CONGRESS
First Regular Session

House Bill No. **7581**

INTRODUCED BY REPRESENTATIVES RALPH WENDEL P. TULFO
AND JOCELYN P. TULFO

**AN ACT ESTABLISHING REGIONAL BRANCHES OF SPECIALTY HOSPITALS SUCH
AS THE PHILIPPINE HEART CENTER, NATIONAL KIDNEY AND TRANSPLANT
INSTITUTE, LUNG CENTER OF THE PHILIPPINES, PHILIPPINE CHILDREN'S
MEDICAL CENTER AND PHILIPPINE CANCER CENTER, APPROPRIATING FUNDS
THEREFOR, AND FOR OTHER PURPOSES**

EXPLANATORY NOTE

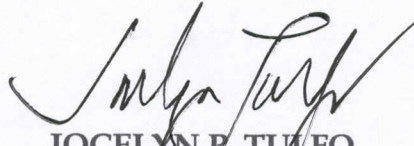

The 1987 Constitution provides that the State shall protect and promote the right to health of the people and instill health consciousness among them. In so doing, the Constitution also provides that the State shall adopt an integrated and comprehensive approach to health development which shall endeavor to make essential goods, health and other social services available to all the people at affordable cost. The framers of the 1987 Constitution also specifically stated that there shall be priority for the needs of the underprivileged sick, elderly, disabled, women, and children.

However, it must be noted that at least four specialty hospitals attached to the Department of Health (DOH), namely the (1) Lung Center of the Philippines, (2) Philippine Health Center, (3) National Kidney Transplant Institute, and (4) Philippine Children's Medical Center, are all located in Quezon City, and more than one third of the thirty-seven (37) Level 3 Hospitals directly supervised and controlled by the DOH are situated in Metro Manila. Filipinos from farther areas and regions are burdened by additional costs, such as transportation expenses and accommodations, so that they may avail and receive treatment in these specialty and tertiary level hospitals.

In order to bring specialty care services closer to the people, this Representation provides the decentralization of the delivery of healthcare services by committing to the creation of regional specialty hospitals to ensure that quality health care is delivered to every Filipino in the country.

In view of the foregoing, the urgent passing of this bill is earnestly sought.
