

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Nineteenth Congress
Second Regular Session

HOUSE BILL NO. 8683

Introduced by **Representative MA. VICTORIA CO-PILAR**

EXPLANATORY NOTE

Through this bill, an e-library will be created at the Barangay Hall of Barangay Baesa in Quezon City. Republic Act No. 7743, which calls for the establishment of “additional public libraries to serve all congressional districts cities and municipalities in the Philippines and reading centers in every barangay except in cities or municipalities where there are existing public libraries or in barangays where there are existing reading centers,” is proposed to be addressed by establishing an e-library instead of a reading center.

An e-library with at least three (3) sets of computers with internet connection in the barangay halls could be a better alternative to opening physical libraries and reading centers, which could be expensive and only offer a limited selection of publications. These computers give users access to a huge library of online educational resources. Moreover, public libraries and reading rooms should not fall behind and make sure they have access to modern technologies as educational institutions move toward adding more recent (digital) kinds of instructional content into their databases.

In behalf of the people of Quezon City’s Sixth District, and for the common good of the Filipino people, the approval of the said measure is earnestly sought.
