NINETEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 9971

Introduced by **Representative Jaime R. Fresnedi**
and **Rep. Ma. Rene Ann Lourdes G. Matibag**

EXPLANATORY NOTE

This Bill seeks to convert the stretch of road known as Centennial Avenue (La Guerta-Arandia Road) situated within Muntinlupa City, Metro Manila, National Capital Region, extending to the Cuyab-San Roque-Poblacion Road situated in San Pedro City, Laguna, Region IV-A, into a National Road.

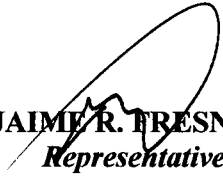

The above-mentioned road situated within Muntinlupa City, Metro Manila, National Capital Region, navigates towards southerly direction starting at a junction along Daang Maharlika Primary Road in Barangay Tunasan, and extends into the Cuyab-San Roque-Poblacion Road in San Pedro City, Laguna, Region IV-A. Its alignment starts at Centennial Avenue in Muntinlupa and crosses the Cuyab Bridge which navigates along the streets of Cuyab, Anchoriz, San Roque and Cataquiz and ends at Daang Maharlika (Manila South Road). The subject road has an approximate length of 2,000.00 linear meters in Muntinlupa and 2,670.00 linear meters in San Pedro.

According to 2020 Census of Population and Housing, both cities have a combined population of almost a million people, with 543,445 in Muntinlupa City, and 326,001 in San Pedro City. Based on the configuration of the road network, the alignment will serve as a by-pass road which will minimize the traffic volume along the Daang Maharlika and the intersections of Susan Heights, Maharlika Road and Brgy. Nueva, providing an alternate route for residents of the two cities. Considering its vital national function, it is recommended to convert the two road networks into a continuous National Road to utilize their fullest potential.

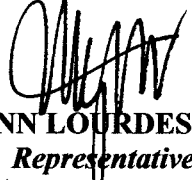

Given the increasing number of vehicles passing through this road, it would require periodic maintenance and improvement which can only be supported by

the national government. The conversion of the Centennial Avenue-Cuyab-San Roque- Poblacion Road is beneficial to the movement of people, goods, and services. The conversion would have a significant impact to the cities that are linked together.

In view of the foregoing, the early passage of this bill is earnestly sought.
