

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

NINETEENTH CONGRESS
Second Regular Session

HOUSE BILL NO. 10024

Introduced by Rep. FERDINAND ALEXANDER A. MARCOS
1st District, Ilocos Norte

EXPLANATORY NOTE

Republic Act 7586, known as the National Integrated Protected Areas System (NIPAS) Act of 1992, subsequently amended by RA 11038, titled the Expanded National Integrated Protected Areas System (ENIPAS) Act of 2018, empowers the government to designate certain areas as protected areas, regulate human activities within these areas, and implement conservation and management programs in recognition of the substantial impact of human activities on various environmental facets. This is in pursuit of the constitutional mandate to protect and advance the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature.

Factors such as population growth, resource utilization, and industrial development highlight the imperative to protect and preserve natural ecosystems, particularly in regions with unique biophysical characteristics crucial to the well-being and progress of human, plant, and animal life. The goal is to ensure the preservation of unique ecosystems, species, and landscapes for the benefit of current and future generations.

Hence, this bill.

This proposed measure seeks to include the Metropolitan Ilocos Norte Watershed Forest Reserve (MINWFR) in the province of Ilocos Norte, under the NIPAS.

Established through Presidential Proclamation No. 731, s. 1934, the 2,482-hectare MINWFR is a distinctive landscape characterized by stunted century-old trees, predominantly

of *Podocarpus* species. The area also encompasses various cave systems, ultramafic forests, and forests over limestone. Moreover, it serves as the primary water source for the municipality and supports a diverse range of biological resources, including endangered and threatened species.

These underscore the ecological significance of MINWFR, emphasizing the importance of putting MINWFR under NIPAS. This bill will establish a policy framework for the institutionalized conservation and protection of the landscape, ensuring its ecological significance is upheld through proficient and effective management in accordance with RA 7586 as amended by RA 11038.

In view hereof, the immediate passage of this bill is earnestly requested.
