Second Regular Session

HOUSE BILL NO. 10250

---

Introduced by the **Honorable ANIELA BIANCA D. TOLENTINO**

---

**EXPLANATORY NOTE**

The Quezon City Velodrome was supposed to be the premiere training and events center for cycling in the Philippines. The management and operation of the Quezon City Velodrome is under the Philippine Sports Commission. Sadly, the Quezon City Velodrome was not properly maintained. Said facility is already outdated and even practices cannot be conducted there. It was also shown that it would be more feasible to have a new velodrome constructed than renovating the current Quezon City Velodrome.

Since the Philippines is continuously working hard to bring more glory and honor for flag and country, thru sports, there is a need to improve the facilities for cycling. As such, this bill seeks to create the Philippine Velodrome in Tagaytay City so that the country can now have a world-class facility where our athletes can train. The new Philippine Velodrome can also be a venue for big cycling events, both local and national. The bill at-hand will also amend Section 23 of Republic Act No. 6847 and will revert the ownership and control over the Quezon City Velodrome to the local government.

To ensure that the new Philippine Velodrome will be well maintained, the ownership, management and control over it shall be lodged with the local government of Tagaytay City. The creation of the Philippine Velodrome in Tagaytay City is another step forward towards sports glory. Having a new and world-class facility for cycling will surely improve the training and performance of Filipino cycling athletes.

For the Filipino people, the approval of the foregoing bill is earnestly being sought.
