HOUSE BILL NO. 6

**Introduced by Representatives Ferdinand Martin G. Romualdez,
Andrew Julian K. Romualdez and Jude A. Acidre**

EXPLANATORY NOTE

This bill seeks to convert and expand the Leyte Industrial Development Estate (LIDE) into the Leyte Ecological Industrial Zone (LEIZ) and create the Leyte Ecological Industrial Zone Authority (LEIZA).

Section 20, Article II of the Constitution states that *"The State recognizes the indispensable role of the private sector, encourages private enterprise, and provides incentives to needed investments."* Likewise, Section 12, Article XII of the Constitution states that *"The State shall promote the preferential use of Filipino labor, domestic materials and locally produced goods and adopt measures that help make them competitive."*

In line with these policies, the government shall provide measures that shall effectively attract legitimate and productive foreign investments. The government shall also actively encourage, promote and accelerate a sound and balanced industrial, economic and social development of the country.

In 1979, the LIDE was established in Isabel, Leyte by virtue of Letter of Instruction No.962 series of 1979 by former President Ferdinand E. Marcos. The duty and function of implementing the industrial estate was entrusted to the Leyte Sab-a Basin Development Authority. With the abolition of the Leyte Sab-a Basin Development Authority, the ownership of LIDE was transferred to the National Development Company and managed by LIDE Management Corporation.

In 1998, the Philippine Economic Zone Authority approved the creation of an economic zone, the Eastern Visayas Regional Growth Center, by virtue of Presidential Proclamation No. 1210 series of 1998 by former President Fidel V. Ramos, with the City Government of Tacloban as its developer and operator.

In 2012, the LEIZ project was formed as part of the Copper Industry Roadmap to promote the integrated development and competitiveness of copper and other related industries in the region. Later, it was part of the government's efforts for the rehabilitation of the region after the devastation of typhoon Yolanda in 2013.

The proposed bill provides for the creation of LEIZA by converting and expanding LIDE into LEIZ. It will not only house potential locator in the copper industry but also other major industries in the region. It will be developed as a self-sustaining industrial, commercial, investment center, and freeport. The creation of LEIZA will also enable the exploration, development and utilization of natural resources of the area, create more employment opportunities, and encourage legitimate and productive foreign investments. Its establishment will create economic progress that will greatly benefit the residents of Leyte and the Filipino people.

In view of the foregoing, approval of this bill is earnestly requested.
