

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

Twentieth Congress
First Regular Session

House Bill No. 25

Introduced by Representative NIKO RAUL S.J. DAZA

EXPLANATORY NOTE

Article XIV, Section 1 of the 1987 Philippine Constitution states that *“The State shall protect and promote the right of all citizens to quality education at all levels, and shall take appropriate steps to make such education accessible to all.”*

Furthermore, Section 4, paragraph 1 of the same Article affirms that *“The State recognizes the complementary roles of public and private institutions in the educational system and shall exercise reasonable supervision and regulation of all educational institutions.”*

In keeping with these constitutional directives, this bill aims to improve the delivery of educational services and make them more accessible to the people of Northern Samar. At present, residents are compelled to travel around six (6) to seven (7) hours just to reach Tacloban City, the regional center where the nearest CHED satellited office is located—a journey which poses a significant challenge, particularly for students and families who are in dire need of assistance.

Education plays a critical role in national development and in empowering the youth to become productive members of society. As such, it is essential that government services related to education, particularly those offered by the Commission on Higher Education (CHED), be within easier reach of students in remote provinces.

This proposed bill seeks to address that need by facilitating more direct and convenient access to CHED services for the people of Northern Samar. These services include, but are not limited to, applications and follow-ups for student financial assistance, grants, and other educational programs.

In view of the foregoing, the passage of this bill is earnestly sought.
