

REPUBLIC OF THE PHILIPPINES
HOUSE OF REPRESENTATIVES
Quezon City

TWENTIETH CONGRESS
First Regular Session

House Bill No. 83

Introduced by **HONORABLE RAMON JOLO B. REVILLA III,**
HONORABLE LANI MERCADO-REVILLA, and
HONORABLE BRYAN B. REVILLA

EXPLANATORY NOTE

This bill seeks to amend Section 22 of Republic Act No. 4670, otherwise known as the “Magna Carta for Public School Teachers” to provide for free annual comprehensive physical check-up for public school teachers. It shall include basic and diagnostic tests such as complete blood count (CBC), urinalysis (macroscopic and chemical examination), fecalysis, chest x-ray, and complete physical exam.

Article XIV, Section 5 (5) of the 1987 Constitution affirms that the State shall assign the highest budgetary priority to education and ensure that teaching will attract and retain its rightful share of the best available talents through adequate remuneration and other means of job satisfaction and fulfillment.

Public school teachers remain overworked and unappreciated. According to a survey conducted among 6,731 public school teachers from March to April

2021,¹ more than 70% of teacher-respondents deemed that teaching workload has debilitating impacts on their physical and mental health. Moreover, about 10% admitted to already falling ill due to burdensome duties.²

While Republic Act No. 4670 provides for the rights and privileges of public educators, their healthcare protection remains blurry on what the coverages are. Our public school teachers need to shoulder the burden of out-of-pocket expenses just to access basic and diagnostic tests to ensure their welfare. The amount of medical examination expenses varies depending on the teachers' location and typically ranges from P400.00 to P1,500.00.³

In this light, it is fervently intended to alleviate and improve the plight of our public school teachers. In view of the foregoing, the immediate passage of this bill is earnestly sought.
