HOUSE BILL NO. 244

Introduced by Rep. ROBERT NAZAL

AN ACT PROVIDING FOR THE REVISED CHARTER OF THE OVERSEAS FILIPINO BANK, PROVIDING FUNDS THEREFOR, AND FOR OTHER PURPOSES

EXPLANATORY NOTE

Overseas Filipinos play a vital role in the economic development of the Philippines through their substantial remittances, which sustain millions of Filipino families and bolster the country's financial stability. In 2024 alone, remittances exceeded US\$38.34 billion, representing nearly 8.3% of the national gross domestic product.¹ Despite their immense contributions, many Overseas Filipinos continue to face significant barriers in accessing secure, affordable, and efficient financial services tailored to their unique circumstances. Recognizing these challenges, Executive Order No. 44, series of 2017, mandated the conversion of the Philippine Postal Savings Bank into the Overseas Filipino Bank (OFBank), envisioned as the primary digital government financial institution for Overseas Filipinos. Subsequently, in 2020, the OFBank was launched as the country's first branchless, fully digital bank licensed by the Bangko Sentral ng Pilipinas (BSP). While this milestone improved access to digital banking and remittance services, persistent issues remain, including high remittance costs, limited credit facilities, and the need for stronger reintegration support mechanisms for returning Overseas Filipinos and their families.

This proposed measure, entitled the "*Overseas Filipino Bank Act*," institutionalizes and strengthens the OFBank through the enactment of a revised Charter that establishes the Bank as a dedicated and independent government financial institution. Specifically, the bill:

¹ Personal Remittances Reach a Record High of US\$3.7 Billion in December 2024; Full-Year Level of US\$38.3 Billion Highest to Date February 17, 2025, <https://www.bsp.gov.ph/SitePages/MediaAndResearch/MediaDisp.aspx?ItemId=7426>

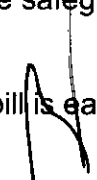

1. **Confirms the OFBank's status** as an independent government financial institution dedicated exclusively to Overseas Filipinos, in line with Republic Act No. 10000 (Agri-Agra Reform Credit Act of 2009), Republic Act No. 11641 (Department of Migrant Workers Act of 2021), and Republic Act No. 8791 (General Banking Law of 2000);
2. **Sets an authorized capital stock of Ten Billion Pesos (₱10,000,000,000)**, with at least fifty percent (50%) reserved for subscription by Overseas Filipinos and their families to strengthen ownership and ensure alignment of interests;
3. **Mandates the earmarking of net income** exclusively for reintegration support, financial literacy, education and welfare assistance, and crisis and legal support for distressed Overseas Filipinos;
4. **Expands the Bank's powers** to issue electronic money products, provide microinsurance, and deliver investment and savings products consistent with BSP regulations and consumer protection standards;
5. **Strengthens governance and accountability** through a nine-member Board of Directors with representation from government agencies, the private sector, and the Overseas Filipino community.

This measure builds upon and refines the version of the bill previously filed by Representative Ron P. Salo during the Nineteenth Congress, which sought to modernize and scale the OFBank's operations to meet the evolving demands of a growing Overseas Filipino population. It also supports the policy directions articulated in the Philippine Development Plan 2023–2028, particularly Chapter 9 (Expanding Economic Opportunities in Industry and Services) and Chapter 11 (Ensuring Safe, Orderly, and Regular Migration).

The proposed Charter further advances the State's constitutional mandate under Article II, Section 18, to afford full protection to labor, local and overseas, promote equality of opportunity, and raise the quality of life for all. It operationalizes the national commitment to Sustainable Development Goal 10 (Reduced Inequalities), specifically Target 10.c, which calls for reducing the transaction costs of migrant remittances to less than 3 percent by 2030.

By enacting this measure, Congress will provide Overseas Filipinos with a robust, competitive, and secure financial platform that recognizes their invaluable contributions to the nation's growth and ensures that their earnings are safeguarded and reinvested in their welfare and development.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
