

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City, Metro Manila

TWENTIETH CONGRESS
First Regular Session

House Bill No. 535

Introduced by Representative **EDUARDO R. RAMA JR.**

EXPLANATORY NOTE

It is State policy to protect and promote the right of all citizens to quality education at all levels and to take appropriate steps to make such education accessible to all. Public school teachers are at the forefront of achieving this end. They continue to offer their best even in unsatisfactory conditions. They often provide their students with learning supplies out of pocket and even devote their time to travel to far-flung areas to teach the youth. Our teachers carry both the financial and physical burden of offering quality education.

Pursuant to Republic Act No. 11466, otherwise known as the Salary Standardization Law of 2019, the salary of an entry-level public school teacher on a Salary Grade 11 (SG 11) is at Php 25,439.00. A teacher's salary must, at the very least, keep pace with the rise in the cost of living. It is then imperative to provide public school teachers with an adequate increase in salary and allowances that meet the rising commodity prices.

This House Bill seeks to increase the salaries of public school teachers to Salary Grade 17 (SG 17), or a salary of Php 41,508.00. Further, a teaching supplies allowance of Php 8,000.00 per school year, or Php 39.16 per school day, shall also be granted in order to ensure that the salary increase is exclusively utilized for the public school teacher's standard of living.

Moreover, Republic Act No. 4670, or otherwise known as The Magna Carta for Public School Teachers, mandates that compulsory medical examination shall be provided free of charge for all teachers before they take up teaching, and shall be repeated not less than once a year during the teacher's professional life. Public school teachers likewise experience occupational hazards in the course of their employment. Thus, a medical examination and treatment allowance of Php 10,000.00 per teacher per year shall be granted recognizing the strenuous pressures of the profession.

No less than the 1987 Philippine Constitution provides that education shall receive the highest budgetary priority and that teaching shall attract and retain its rightful share of the best available talents through adequate remuneration and other means of job satisfaction and fulfillment. Public school teachers' passion in their vocation motivates them to bear the demands of their workload. It is our duty to afford these dedicated men and women a remuneration that is commensurate to their passion and vigor as they continue to strive to shape the young minds of the nation.

Support for the enactment of this measure is earnestly requested.

REP. EDUARDO R. RAMA JR.
