TWENTIETH CONGRESS
First Regular Session

House Bill No. **737**

Introduced by **Representative SOLOMON R. CHUNGALAO**

EXPLANATORY NOTE

This house measure was originally filed in the 18th Congress as House Bill No. 9224 on April 20, 2021 and as was refiled on July 19, 2022 as House Bill No. 2140 in the 19th Congress. This bill seeks to create a barangay in the Municipality of Alfonso Lista, Province of Ifugao, to be known as Barangay New Poblacion.

RA 7160 otherwise known as “The Local Government Code of 1991”, as amended, was enacted precisely to breathe life into the constitutional mandate of local autonomy by establishing a more responsive and accountable local government structure instituted through an efficient system of decentralization. Essentially, this system is geared towards empowering local government units to achieve their full development as self-reliant communities, making them more effective and meaningful partners in the attainment of the nation’s goals.

As a basic political unit, the barangay serves as the vanguard of providing a wide array of frontline basic and essential services to the citizens and to the community. It acts as the primary planning and implementing unit of government policies, plans, programs, projects and activities in the community and as a forum wherein the collective views of the people may be expressed, crystallized and considered as stated under Section 384 of the Local Government Code.

Given this, the creation of barangays, upon proper compliance with the requirements set by the Constitution and the Local Government Code, thus only serves to bolster the capability of local governments to efficiently and effectively perform their respective functions, duties and responsibilities in the name of autonomy, decentralization and national growth and prosperity.

On December 15, 1988, Republic Act No. 6687 was enacted to change the name of the then Municipality of Potia and confirmed barangay Sta. Maria as the seat of the government of the municipality. Consequently, barangay Sta. Maria became the commercial center of the municipality where markets and various businesses enterprises were established. As a result, the population of barangay Sta. Maria rose to 6,087 inhabitants as of July 2020. With this number of citizens, it has been challenging for the barangay to effectively oversee its fiscal administration as far as allocation to basic services is concerned. In this sense, it is now imperative to create a new of barangay out of Sta. Maria to empower both units in order for them to develop into self-reliant communities and effective partner of the national government.

In view of the foregoing, passage of this bill is earnestly sought.
