House Bill No. 740

Introduced by Representative SOLOMON R. CHUNGALAO

EXPLANATORY NOTE

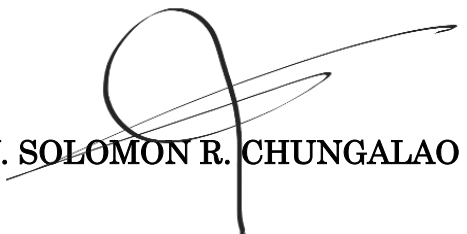

This bill was originally filed as House Bill No. 2603 in the sixteenth 16th Congress and re-filed as House Bill No. 1113 in the seventeenth 17th Congress. In the 18th Congress, it was filed as House Bill No. 7874 on October 14, 2020 and was again refiled on July 19, 2022 as House Bill No. 2144 in the 19th Congress. This legislative measure seeks to separate the Banaue National High School Annex in barangay Kinakin, from the Banaue National High School in barangay Ducligan, both in the municipality of Banaue, province of Ifugao, into an independent national high school to be known as the Kinakin National High School.

It is a Constitutional mandate that the State shall protect and promote the right of all citizens to quality education at all levels, and shall take appropriate steps to make such education accessible to all. Relative provision also directs the State to establish and maintain a system of free public education in the elementary and high school levels.

Known as a mountainous province, and home of the famous rice terraces, Ifugao is expected to have a rugged terrain which challenges people to travel from one place to another. Teaching and non-teaching personnel of an educational institution find it very difficult to travel from their mother school to its extension

or annex school. Furthermore, as these are fiscally dependent to the mother school, extension schools are normally the second priority in terms of budget and physical development. These circumstances constrain a school to effectively deliver its supposed objectives of fulfilling the right to quality and accessible education of the Ifugao people.

In view of the foregoing, passage of this bill is earnestly sought.
