HOUSE OF REPRESENTATIVES
Quezon City

TWENTIETH CONGRESS
First Regular Session

HOUSE BILL NO. **779**

Introduced by REP. RODOLFO "OMPONG" M. ORDANES

AN ACT PROVIDING FOR THE MAGNA CARTA OF SENIOR CITIZENS

EXPLANATORY NOTE

The aging population in the Philippines is growing rapidly, with senior citizens representing a significant and increasing proportion of the national demographic. According to recent statistics from the Philippine Statistics Authority, in August 2022¹, senior citizens constitute around 8.5% of the total population, which is expected to rise in the coming years. This demographic shift presents both opportunities and challenges, requiring comprehensive and effective policies that ensure the dignity, well-being, and full participation of older persons in society.

The proposed Magna Carta of Senior Citizens aims to address the multifaceted needs of our elderly population by establishing a robust legal framework that consolidates and enhances existing laws, programs, and services for senior citizens. It seeks to provide a clear and coherent set of rights, privileges, and protections tailored to the unique circumstances of older persons, thereby promoting their social, economic, and cultural inclusion.

The Magna Carta builds upon the provisions of Republic Act No. 9994, or the "*Expanded Senior Citizens Act of 2010*," and other legislations, presidential decrees, and memoranda by introducing new measures that reflect the evolving needs of senior

citizens. These include enhanced healthcare services, increased social protection, and greater support for seniors' continued active engagement in their communities.

This bill is grounded in the principles of social justice and human rights, recognizing the invaluable contributions of senior citizens to our society and affirming the state's responsibility to protect their welfare. The Magna Carta of Senior Citizens is not just a policy document but a declaration of our commitment to ensuring that older persons live with dignity, security, and fulfillment.

Given the urgent need to address the challenges faced by our aging population, the immediate passage of this bill is earnestly sought.
