TWENTIETH CONGRESS
First Regular Session

HOUSE BILL NO. 1071

Introduced by **HON. JOSEPH "JOJO" L. LARA**

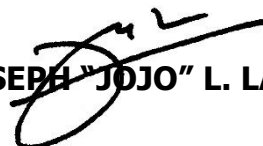

EXPLANATORY NOTE

Cagayan Valley is proud of the uniqueness of the cacao it produces. Although the current industry is not as big as compared to other regions, the region's cacao producers are gearing up towards making its cacao production internationally competitive.

For the past years, the global demand for cacao has continued to increase. With the growing awareness for its various health benefits, its usage has gone beyond chocolate production and in the food and beverage industry. It has expanded to cover possible applications in the cosmetic and pharmaceutical industries.

This bill aims to promote, enhance, protect and increase cacao production in the Cagayan Valley region by providing ample technical and financial support to the local farmers to further improve the production quality of its products to be at par with the internationally traded ones.

In view of the foregoing, the passage of this bill is earnestly sought.
