HOUSE OF REPRESENTATIVES

TWENTIETH CONGRESS
FIRST REGULAR SESSION

HOUSE BILL NO. 1095

Introduced by Representative
ZIAUR-RAHMAN "ZIA" ALONTO ADIONG

EXPLANATORY NOTE

Entrepreneurship plays a vital role in building a resilient and inclusive economy. By empowering individuals with the knowledge, skills, and support systems necessary to create and sustain businesses, we stimulate job generation, reduce poverty, and drive long-term economic growth. However, the lack of formal and accessible entrepreneurial education continues to limit the full potential of Filipinos, particularly in key sectors such as agriculture, technology, manufacturing, and trade.

This bill seeks to establish the **Philippine Entrepreneurs Academy**, a government-supported learning institution that will offer degree programs, technical-vocational courses, modular training, and capacity-building programs focused on entrepreneurship. The Academy will be under the supervision of the Commission on Higher Education (CHED) and will formalize and integrate the various nonformal entrepreneurship training programs currently offered by government agencies such as TESDA, DTI, and DOST. By doing so, the Academy will ensure a more structured, innovative, and competency-based approach to entrepreneurship education and training.

The Academy will serve students and professionals alike, providing them with practical, research-driven, and industry-aligned tools to navigate the evolving business landscape. Its two campuses, one in the Clark Freeport and Special Economic Zone and another in Baguio City, will allow it to reach and serve diverse communities across regions. The bill also includes provisions for government coordination, tax exemptions for educational materials, and institutional sustainability through flexible financial management, socialized tuition, and strategic partnerships.

Entrepreneurship is not only a pathway to personal success but also a cornerstone of national development. By institutionalizing entrepreneurship education, we are investing in a generation of job creators, innovators, and nation builders.

It is worth noting that the same measure was already approved on Third Reading by the House of Representatives during the 19th Congress.

In view of the foregoing, the immediate passage of this bill is earnestly sought.

REP. ZIAUR-RAHMAN ALONTO ADIONG
1st District, Lanao del Sur
