

Republic of the Philippines
House of Representatives

TWENTIETH CONGRESS
First Regular Session

House Bill No. 1532

INTRODUCED BY HONORABLE AMADO CARLOS BOLILIA IV

EXPLANATORY NOTE

Article XIV, Section 5 (4) of the 1987 Philippine Constitution provides that: "The State shall enhance the right of teachers to professional development. Non-teaching academic and non-academic personnel shall enjoy the protection of the State." Likewise, Article XIV, Section 5 (5) states that: "The State shall assign the highest budgetary priority to education and ensure that teaching will attract and retain its rightful share of the best available talents through adequate remuneration and other means of job satisfaction and fulfillment."

Despite the constitutional provisions, public school teachers remain underpaid and overworked. This drives skilled teachers to seek better employment elsewhere, particularly abroad. The intention of this bill is to provide our educators the opportunity to grow as professionals and as academics through the institution of a viable post-graduate scholarship program for deserving public school teachers.

As such, this representation is refiling this legislation previously filed in the 19th Congress. I believe that by investing in the professional development of our teachers through continuing education programs, this measure will help improve the country's global competitiveness and contribute to the professional growth of teachers.

In view of the foregoing, the immediate enactment and approval of this bill is earnestly sought.
