HOUSE BILL NO. 1847

Introduced by Honorable Roger G. Mercado

EXPLANATORY NOTE

The lack of an airport in Southern Leyte has been blamed for the laggard economic performance of the said province. The tourism potential of the province has been limited in terms of revenues due to this lack of vital infrastructure. Aside from tourism, other aspects of the economy of Southern Leyte also suffered from the lack of an airport thereat.

The herein sought construction of Maasin Airport will address the biggest infrastructure gap in the Province of Southern Leyte.
