HOUSE BILL NO. **2095**

Introduced by Representative Antonio “Tonypet” T. Albano

EXPLANATORY NOTE

This bill seeks to re-establish a mandatory and comprehensive citizen service training program which integrates civic, disaster response, and defense preparedness for all students enrolled in public and private higher education institutions and technical-vocational programs.

Passed on Third Reading during the 19th Congress, this measure reflects the collaborative efforts of legislators, education institutions, and key agencies to prepare the youth as vital contributors to national resilience and development. It repeals the National Service Training Program Act (RA 9163) and creates a more holistic framework under the National Citizens Service Training Program (NCST), aligned with the constitutional mandate to instill patriotism, civic duty, and public service among our youth.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
