House Bill No. 2182

Introduced by Representative Richard I. Gomez, DPA

EXPLANATORY NOTE

Republic Act No. 7796, also known as the Technical Education and Skills Development Act of 1994, provides that the State shall, *“provide relevant, accessible, high quality and efficient technical education and skills development in support of the development of high-quality Filipino middle-level manpower responsive to and in accordance with Philippine development goals and priorities.”*

This bill seeks to establish the TESDA Skills, Training and Accreditation Center in the City of Ormoc, Province of Leyte to be known as Ormoc TESDA Training and Accreditation Center Act.

The establishment of an accessible and high-quality skills development center would benefit not only high school and fresh college graduates but also any citizen in the area and its neighboring municipalities who wish to learn new skills as an added means for livelihood. Such an institution would open new possibilities and opportunities for families to augment their incomes.

This bill was originally filed in the 19th Congress where it was approved on third reading and was transmitted to the Senate in August 2024. This refiled version is the substitute bill after approval on third reading.

In view of the foregoing, the swift passage of this bill is requested.
