TWENTIETH CONGRESS
First Regular Session

HOUSE BILL NO. 3305

Introduced by Representative VINCENT FRANCO D. FRASCO

EXPLANATORY NOTE

This bill seeks to convert the Municipality of Liloan in the Province of Cebu into a component city.

The proposed measure is similar to House Bill No. 5031 and House Bill No. 99, which were previously filed in the 18th and 19th Congress, respectively. In both Congresses, the same were transmitted to the House Committee on Local Government. However, up to the present, the proposal has not materialized.

The Municipality of Liloan is a first-class municipality consisting of fourteen (14) barangays with a total land area of 52.1 square kilometers; 44% of which is appropriately intended for combined residential, industrial, commercial and urban development purposes while 13.97% is devoted to specialized agricultural use and tourism. Liloan is part of Metropolitan Cebu, with a total population of 153,197 as per the 2020 Philippine National Census.

In the Province of Cebu, Liloan is one of the ten (10) most populous local government units with a very high population density for every square kilometer.

Aside from its pristine coastline, Liloan is the site of one of the best landmarks in the Province of Cebu, the historic lighthouse officially called the Bagacay Point Light dating back to the Spanish colonial times as well as other scenic and historical tourist destinations.

As a tourism destination of choice and its proximity to major air, land and water transport facilities, Liloan is highly accessible from all major urban and trading areas within a 100-kilometer radius and makes it attractive to local, domestic and international venture capitalists and investors as well as migrant families seeking new opportunities for themselves.

In recent years, Liloan has seen a surge in infrastructure and economic development, with the emergence of key establishments such as the Cebu Technological University (CTU)-Liloan Campus, as established through Republic Act No. 11751, the Liloan Children's Hospital, by virtue of RA No. 11886, the launch of a modern shopping mall, a world-class golf course, and the construction of an eight-story Local Government Center building. Adding to these is the Pier 88 Port, a state-of-the-art transport hub that connects Liloan to key destinations

1 across the Visayas and beyond. These new ventures not only reflect the rapid urbanization of
2 Liloan but also strengthen its position as a rising investment and lifestyle hub in Northern Cebu.

3
4 With the rapid urbanization of the area in and around Liloan, major infrastructure
5 programs for connectivity are also being undertaken, such as the (1) Asturias-Danao-Liloan
6 Bypass and Diversion Road at a cost of 2 billion pesos; (2) the 73-kilometer Metro Cebu
7 Expressway at a cost of 28.1 billion pesos; and (3) the Pier 88 Port Development Project in
8 Liloan at 1.5 billion pesos.

9
10 Most notable among the developments happening around Liloan is the construction of
11 the new Cebu International Container Port estimated at 10.1 billion pesos on a 25-hectare
12 reclaimed land in the adjacent town of Consolacion.

13
14 Undoubtedly, the municipality has also benefited and shall continue to benefit from the
15 expansion and urbanization of the province of Cebu, which is acknowledged by the Board of
16 Investments as one of the most favored investment areas in the Philippines. This benefit can be
17 attributed to the unprecedented development of adjacent local government units and the huge
18 influx of businesses and people in Cebu.

19
20 Liloan has also received distinguished accolades, including being named the Top Model
21 Municipality in the Philippines in 2019, and Model Municipality in Education, Care for the
22 Elderly, Revenue Generation, and Business Friendliness by The Manila Times. In addition, it
23 earned an Unmodified Opinion from the Commission on Audit for the year 2024, its 7th
24 consecutive year of receiving this highest audit rating.

25
26 The conversion of Liloan from a municipality to a component city cannot anymore be
27 delayed because such conversion will greatly boost the capacity of the local government unit
28 to address and to respond to the increasing needs and demands of its constituents, investors and
29 other visitors amid ever changing economic and political landscapes.

30
31 Cityhood will undoubtedly open the floodgates of a multitude of economic
32 opportunities for the people of Liloan, which will ultimately redound to the improvement of
33 the delivery of services, but most of all, to the betterment of the quality of life of the people of
34 Liloan and those living in its neighboring communities.

35
36 In view of the foregoing, approval of this bill is strongly recommended.
