TWENTIETH CONGRESS
First Regular Session

HOUSE BILL NO. 3540

Introduced by REP. FAUSTINO 'BOJIE' G. DY III

EXPLANATORY NOTE

Bamboo provides economic opportunities for the country. Its versatility enables it to be a wood substitute for a broad array of use from furniture making to construction materials, industrial and paper products, and even food. Thus, bamboo, both raw and processed, has an untapped market that has the potential to propel the agro-forest sector in the country. Bamboo also provides a cleaner and safer environment for the people by mitigating deforestation, preventing soil degradation, and acting as a carbon sink.

Despite these advantages and potentials, the bamboo industry remains underdeveloped. Presently, there is more work to be done to meaningfully support bamboo farmers, producers, processors, and exporters with concrete policy actions and fiscal incentives to sustain their enterprise.

Thus, the need to promote a sustainable and integrated development of the Philippine Bamboo Industry capitalizing on the role of bamboo as a strategic, indigenous, renewable source of livelihood and tool for both agricultural productivity and environmental protection and management.

Through this bill, we institutionalize the **Philippine Bamboo Industry Development Council** which is a mere creation of an executive order. The PBIDC shall ensure that the scientific propagation, processing, utilization, and business development of bamboo will be made a priority through the **Philippine Bamboo Industry Development Program**.

The local government units shall also be rallied to ensure a whole-of-government approach in steering the industry to reach its full potential.

Considering the crucial role of bamboo in helping the country recover from the

effects of the pandemic on our economy, the passage of this bill is earnestly sought.

HOUSE BILL NO. 3540

Introduced by REP. FAUSTINO ‘BOJIE’ G. DY III

AN ACT
PROMOTING THE DEVELOPMENT OF THE BAMBOO INDUSTRY
BY STRENGTHENING THE PHILIPPINE BAMBOO INDUSTRY
DEVELOPMENT COUNCIL, CREATING THE BAMBOO INDUSTRY
RESEARCH AND DEVELOPMENT CENTER, PROVIDING INCENTIVES
FOR BAMBOO PLANTATION DEVELOPMENT, AND APPROPRIATING
FUNDS THEREFOR

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. Short Title. – This Act shall be known as the “Philippine Bamboo Industry Development Act of 2025.”

SECTION 2. Declaration of Policy. – It is the policy of the State to promote and support industries that generate employment especially in the rural areas, reduce poverty, foster a sustainable environment, and mitigate the impacts of climate change.

It shall also be the policy of the State to foster a self-reliant and independent economy that supports indigenous, scientific and technological capabilities, and skills. To this end, the State shall recognize the strategic importance of the bamboo as a sturdy, versatile, and replenishable material that can be a sustainable source of livelihood and catalyst for agricultural productivity.

The State shall likewise ensure the integrated and continuous development of the Philippine bamboo industry through policies and programs that encourage the planting of bamboo, accelerate the development of bamboo-based products and designs, and promote Philippine bamboo products in international markets. It shall establish a program for a sustainable utilization, propagation and promotion of bamboo as furniture, food, construction and design material, and other uses.

SECTION 3. The Philippine Bamboo Industry Development Program (PBIDP).—The PBIDC shall formulate the Philippine Bamboo Industry Development Program which shall include programs and projects for the scientific propagation, development and management, processing, utilization, business development, and commercialization of Philippine bamboo and bamboo products, through the cooperation of all stakeholders of the industry that include producers of raw materials, processors, marketing and promotion service providers, and concerned national agencies and local government units (LGUs).

SECTION 4. Objectives of the Philippine Bamboo Industry Development Program. – The PBIDP shall aim to make the Philippine bamboo industry competitive in the local and global markets and provide opportunities for local employment and the establishment of bamboo-based community enterprises. The PBIDP shall:

- a) Ensure that the bamboo industry has sufficient quality raw materials through the establishment and management of bamboo nurseries and plantations;
- b) Ensure that the bamboo industry continuously receives from the research and development sector relevant technologies and new products;
- c) Ensure that the industry receives pertinent and accurate data from the PBIDC upon which the industry can make business decisions;
- d) Promote investment in the bamboo industry by establishing bamboo plantations and bamboo processing operations, and providing substantial incentives to investors;
- e) Provide skilled labor and manpower through continuous relevant capacity building;
- f) Provide continuous training and capacity building in the bamboo industry development;
- g) Ensure provision of locally manufactured machines of improved capacity and quality at competitive costs;
- h) Ensure access to markets of bamboo products locally and globally; and
- i) Ensure sustainable resources for implementing the bamboo industry development program.

SECTION 5. Role of the Philippine Bamboo Industry Development Council (PBIDC). – The Philippine Bamboo Industry Development Council (PBIDC), created under Executive Order No. 879, series of 2010, hereinafter referred to as the Council shall provide the overall policy and program directions of various agencies and instrumentalities to ensure the implementation of the Philippine Bamboo Industry Development Program (PBIDP).

The Council shall be administratively attached to the Department of Trade and Industry (DTI) and shall now be composed of the following:
