HOUSE BILL NO. **3557**

AN ACT
RENATIONALIZING NAIC MEDICARE HOSPITAL LOCATED IN NAIC,
CAVITE, PLACING UNDER THE DIRECT SUPERVISION AND CONTROL OF
THE DEPARTMENT OF HEALTH, AND PROVIDING FUNDS THEREFOR

EXPLANATORY NOTE

This measure seeks to renationalize the Naic Medicare Hospital in Naic, Cavite by placing it under the direct supervision and control of the Department of Health (DOH). The objective is to elevate the quality and consistency of healthcare services by aligning the hospital's operations with national healthcare standards and priorities. With the DOH at the helm of the hospital, the health facility will be better equipped to deliver efficient, reliable, and standardized medical care to the residents of Naic and neighboring communities.

In addition, this measure aims to ease the financial and administrative responsibilities currently at the shoulders of the Local Government Unit (LGU). At present, the LGU is responsible for sustaining hospital operations, which can overstretch local budgets and compromise service quality. By transferring the hospital's management back to the national government, the LGU will have greater flexibility to allocate its limited resources to other essential programs and services. This initiative is intended to enhance public health outcomes by ensuring accessible and quality healthcare.

In view of the foregoing, the approval of this measure is earnestly sought.
