HOUSE BILL NO. 3885

Introduced by Representatives Daphne A. Lagon and Sonny L. Lagon

EXPLANATORY NOTE

This bill seeks to convert the Cordova Coastal Road in the Municipality of Cordova, Province of Cebu into a national road to ensure its timely completion and proper upkeep and highlight its significance as a complementary road network to the Cebu-Cordova Link Expressway that is seen to catalyze the tourism and economic development of the Municipality of Cordova and the neighboring City of Lapu-lapu, in particular, and the Province of Cebu, in general.

The Municipality of Cordova is a first income class municipality situated in the Island of Mactan. Though lacking sufficient funds, the Municipal Government has been struggling very hard to have the coastal road completed to provide a seamless road network that connects all twelve barangays in the mainland and open up idle lands for development believing that the coastal road will serve as a huge catalyst for development. And this is rightly so especially that the said coastal road will complement, if not maximize, the newly-completed Cebu-Cordova Link Expressway which connects Cebu City and the rest of Cebu Province's southern cities and municipalities to the Mactan-Cebu International Airport in Lapu-lapu City through the Municipality of Cordova.

Funding constraints, however, continue to hamper its completion as the municipal government of Cordova cannot commit significant funds for the project without compromising its other equally-important programs and expenditures. Hence, this measure.

In view of the above premises, the prompt approval of this measure is earnestly sought and recommended.
