TWENTIETH CONGRESS

First Regular Session

HOUSE BILL NO. 4291

Introduced by the **Honorable ANIELA BIANCA D. TOLENTINO**

EXPLANATORY NOTE

The proposed law herein seeks to create the Tagaytay City Schools Division Office. The establishment of a separate schools division office in Tagaytay City aims to bring a more effective and efficient management of schools in the city. The creation of the Tagaytay City Schools Division Office will also further ensure the compliance of city schools with the standards of quality education.

A review of the organizational structure of the education system in the country would reveal that cities have a separate schools division office. However, Tagaytay City still does not have its own schools division office. It should be noted that Tagaytay City was created in 1938, thru Commonwealth Act No. 338.

At this point it is worth-noting that the 1987 Constitutional highlights that: "*The State shall protect and promote the right of all the citizens to quality education at all levels and shall take the appropriate steps to make such education accessible to all.*" The creation of a separate schools division in Tagaytay City is a clear step towards the city's compliance with said constitutional mandate. The ultimate goal for establishing the Tagaytay City Schools Division Office is to promote the performance of students, thru the improved supervision and management of educational institutions in Tagaytay City.

Approval of the foregoing bill is earnestly being sought.
