FURTHER PROMOTING ENTREPRENEURSHIP BY STRENGTHENING, EMPOWERING, AND ENHANCING THE FINANCING AND OTHER SUPPORT PROGRAMS FOR MICRO, SMALL AND MEDIUM ENTERPRISES, AMENDING FOR THE PURPOSE REPUBLIC ACT NO. 6977, AS AMENDED, OTHERWISE KNOWN AS THE “MAGNA CARTA FOR MICRO, SMALL AND MEDIUM ENTERPRISES (MSMES)”

EXPLANATORY NOTE

Micro, Small, and Medium Enterprises (MSMEs) are the backbone of the Philippine economy, accounting for over 99% of all registered businesses and generating more than 60% of total employment in the country. MSMEs play a critical role in driving inclusive growth, fostering innovation, and stimulating economic activity in both urban and rural areas. However, many of these enterprises face structural and financial barriers that hinder their growth, including limited access to credit, burdensome regulatory requirements, and high operational costs.

As the country continues to recover from global and local economic challenges, there is a growing need to further strengthen the MSME sector through responsive policies, improved financing mechanisms, and enhanced government support. A more comprehensive and inclusive MSME framework will not only sustain existing businesses but also encourage more Filipinos to

pursue entrepreneurship, ultimately contributing to the nation's long-term economic development.

The proposed measure amending the Magna Carta for MSMEs seeks to address these concerns by introducing reforms that promote ease of doing business, increase access to finance, and expand market opportunities for MSMEs. It provides for updated definitions and classifications of MSMEs, ensures more affordable permit and licensing fees, and grants eligible enterprises greater access to government procurement opportunities. The bill also encourages formal registration by offering cost-saving benefits such as discounts on logistics and delivery services.

Furthermore, the measure strengthens the capacity of the Small Business Corporation (SB Corp.) to provide financial support to underserved areas, enhance disaster resilience among MSMEs, and manage venture capital and microfinance funds. Through these reforms, the bill aims to create a more enabling environment for MSMEs to thrive, formalize, and scale, thereby reinforcing their essential role in job creation, poverty alleviation, and inclusive national progress.

This bill was previously filed by Representative Michael Romero, Rep. Joey Salceda, and Rep. Emigdio Tanjuatco III in the 19th Congress, and was approved on third reading.

In view of the foregoing, approval of this bill is earnestly requested.
