AN ACT
STRENGTHENING YOUTH DEVELOPMENT AND WELFARE
PROGRAMS, APPROPRIATING FUNDS THEREFOR, AND FOR OTHER
PURPOSES

EXPLANATORY NOTE

Article XV, Sec. 3(2) of the 1987 Constitution guarantees the right of children to assistance, including proper care and nutrition, and special protection from all forms of neglect, abuse, cruelty, exploitation, and other conditions prejudicial to their development. Thus, the State must ensure the holistic development and protection of the child.

Healthy development means that children of all abilities, including those with special health care needs, are able to grow up where their physical, mental, social, emotional, educational, medical, and physiological needs are met. Children must feel safe, sound, and secure at home, at school, or wherever they may be. The experiences children have in early childhood shape the brain and the child's capacity to learn, to get along with others, and to respond to daily stresses and challenges; child development sets the foundation for lifelong learning, behavior, and health.

Pursuant thereto, this bill seeks to strengthen youth development and welfare programs by institutionalizing social welfare and development operations in the barangay level as well as truancy operations in every barangay; increasing the number of guidance counselors in schools; establishing information drives, school-based feeding program, *Bahay Pag-asa*, and foster care program; and, imposing stiffer penalties for parental liability; and ensuring the protection of the children in conflict with the law.

In view of the foregoing, approval of this bill is earnestly sought.

HOUSE BILL NO. 4698

AN ACT
STRENGTHENING YOUTH DEVELOPMENT AND WELFARE
PROGRAMS, APPROPRIATING FUNDS THEREFOR, AND FOR OTHER
PURPOSES

*Be it enacted by the Senate and House of Representatives of the Philippines
in Congress assembled:*

Section 1. Declaration of Policy. Section 13 of Article II of the 1987 Constitution provides that the State recognizes the vital role of the youth in nation-building and shall promote and protect their physical, moral, spiritual, intellectual, and social well-being. It mandates the State to inculcate in the youth patriotism and nationalism and encourage their involvement in public and civic affairs. Section 3(2) of Article XV of the 1987 Constitution meanwhile mandates the State to defend the "right of children to assistance, including proper care and nutrition, and special

protection from all forms of neglect, abuse, cruelty, exploitation, and other conditions prejudicial to their development."

Children are the principal citizens of the country. The best interest of the child is the primordial and paramount concern of the State. They stand at the center of Philippine nation-building and are the most important assets of the nation. Thus, the Constitution and the laws must be implemented, sufficient budget be allocated, and a holistic program be employed to promote the welfare of the children and enhance their opportunities in life.

No child should be at risk of being in conflict with the law. It is therefore the policy of the State to focus on the fundamental problems facing the youth, namely, poverty, poor education, lack of proper support and guidance, among others. Children must be taught the values of responsibility, respect for the common good, honesty, integrity, diligence, and service to the nation.

Section 2. *Truancy Officers.* There shall be, in every barangay, a Truancy Officer that shall be designated by the Punong Barangay from among the members of the Sangguniang Barangay. They shall conduct regular home and school visits to ensure the child's school attendance and shall submit daily reports indicating dates of absences, contacts with parents, and other relevant information, to the Truancy Monitoring Center established in Section 3 of this Act.

Truancy as here used means absence without cause for more than five (5) school days in a month, not necessarily consecutive. The Truancy Officer shall refer the child who is considered truant to the Barangay Social Welfare and Development Officer for placement to any child-caring or child-placing institution licensed and accredited by the Department of Social Welfare and Development (DSWD) to implement the foster care program, or to a person registered with the DSWD who is available to provide foster care.

The Center shall coordinate with the Department of Justice (DOJ) for the purpose of filing criminal cases against parents or guardians who violate Section 59 of the Presidential Decree No. 603 (P.D. Section 4. *Increased Number of Guidance Counselors in Schools.* To ensure the children's well-being, and academic, behavioral, and social growth, there shall be, in every public and private elementary and high school, at least three (3) guidance counselors each for every elementary school, including kindergarten.

Guidance counselors shall have the primary responsibility of counseling,

assisting, teaching, and practicing of guidance and counseling subjects, and other human development services to children.

In the absence of a duly-registered Social Worker who shall act as Barangay Social Welfare and Development Officer, persons with training in social work may be employed. They shall be under the supervision of the local social welfare and development officer.

The Barangay Social Welfare Officers shall be considered employees of the barangay and shall draw their salaries and other benefits therefrom.

Section 6. *School-Based Feeding Program.* To encourage attendance in schools, there is hereby established under the Department of Education (DepEd) a Comprehensive and School-Based National Feeding Program for all day care, kindergarten, elementary, and high schools in the country. The program shall include the provision of at least one (1) meal per student per day, or two (2) meals per day for undernourished children, for a period of 208 days per school year.

Food donations to schools shall also be considered as donations of apparently wholesome food for charitable purposes and will be governed in accordance with the provisions of Republic Act No. 9803, otherwise known as the "Food Donation

Act of 2009."

Section 7. *Schools Dentists and Nurses.* There shall be at least one (1) nurse and one (1) dentist for every two hundred fifty (250) students in every elementary and high school, whether public or private. The school dentists shall be considered employees of the city or municipality where the school is situated and shall draw their salaries and other benefits therefrom.
