HOUSE OF REPRESENTATIVES

TWENTIETH CONGRESS
First Regular Session

House Bill No. **5258**

Introduced by Representative Richard I. Gomez, DPA

EXPLANATORY NOTE

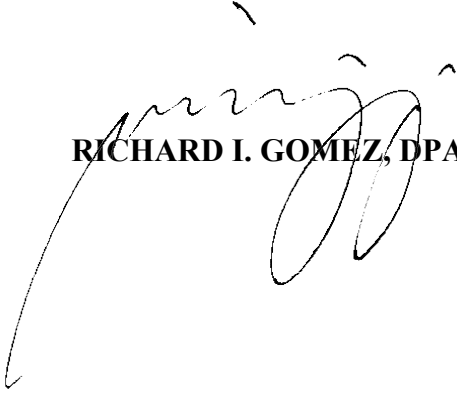

In September 2015, United Nations Member States, which includes the Philippines, adopted the Agenda for Sustainable Development to guide international, regional, and national development efforts over the next 15 years – more commonly known as the “17 Sustainable Development Goals (SDGs), namely: (1) No poverty, (2) Zero hunger, (3) Good health and well-being, (4) Quality education, (5) Gender equality, (6) Clean water and sanitation, (7) Affordable clean energy, (8) Decent work and economic growth, (9) Industry, innovation and infrastructure, (10) Reduced inequalities, (11) Sustainable cities and communities, (12) Responsible consumption and production, (13) Climate action, (14) Life below water, (15) Life on land, (16) Peace, justice and strong institutions, and (17) Partnerships for the goals.

As a member state, the Philippines, through the Department of Economy, Planning, and Development (DEPDev), has been implementing, monitoring and reporting on the country’s performance on each of the 17 SDGs. These results are made available at the DEPDev’s website at: <https://sdg.neda.gov.ph>.

At present, the DEPDev conducts voluntary reviews every three (3) years. However, a critical program such as this requires diligent and rigorous monitoring to ensure utmost success in its implementation. To this end, this bill seeks to further formalize and regularize the voluntary

review reporting on the Philippines' progress on its SDGs adoption. This bill mandates an annual voluntary review, which will be personally presented by the Secretary of the DEPDev before the members of the Congress of the Philippines, also on an annual basis.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
