House Bill No. **5803**

Introduced by Representative ERIC G. YAP

EXPLANATORY NOTE

This bill seeks to convert the Benguet National High School-Bineng Annex in Barangay Bineng, Municipality of La Trinidad, Province of Benguet, into an independent national high school to be known as the Bineng National High School. The measure aims to enhance the accessibility and quality of secondary education in the area by granting the school full administrative and fiscal independence under the supervision of the Department of Education (DepEd).

At present, the Bineng Annex functions as an extension of the Benguet National High School, which limits its capacity to make administrative decisions, allocate resources, and address the growing educational needs of its students. With the increasing population of learners from Barangay Bineng and nearby communities, the annex struggles with classroom shortages, limited facilities, and insufficient teaching personnel.

Through this bill, the Bineng National High School will gain the authority to manage its operations, implement programs suited to the needs of its learners, and directly access government funding under the General Appropriations Act. This institutional independence will ensure better planning, accountability, and responsiveness to the community's educational demands.

The establishment of the Bineng National High School will not only decongest the mother school but will also enable students from remote areas to pursue secondary education closer to home, reducing travel costs and safety risks. It also aligns with the government's thrust to promote inclusive and equitable access to quality education for all Filipinos.

In light of the foregoing, the passage of this bill is respectfully sought.
