HOUSE BILL NO. 6200

Introduced by Representative SITTIE SHAHARA “BAI DIMPLE” I. MASTURA

AN ACT

**ENHANCING THE STATUTORY BENEFITS AND INCENTIVES OF PUBLIC HEALTH WORKERS,
AMENDING FOR THE PURPOSE CERTAIN PROVISIONS OF REPUBLIC ACT NO. 7305,
OTHERWISE KNOWN AS THE “MAGNA CARTA OF PUBLIC HEALTH WORKERS”**

EXPLANATORY NOTE

In the Name of God, the Beneficent, the Merciful

Republic Act No. 7305 otherwise known as the the Magna Carta of Public Health Workers was passed into law thirty (30) years ago to primarily promote and improve the socio-economic well-being of our health workers, their living and working conditions and terms of employment as far as existing rules and regulations allow. Hence, the law mandated among other things the payment of benefits and allowances including night shift differential, hazard, subsistence and laundry, to name a few.

Given that the nominal amounts provided by this law remains fixed despite adjustments resulting from changing economic cycles over the last 3 decades.

This bill seeks to correct this imbalance by proposing amendments to increase the nominal amounts for the mandated benefits, thereby providing better living conditions for our public health workers, especially as we navigate the recessionary effects of the pandemic we still experience today.

This measure likewise expands the definition of health workers to include those deployed outside of traditional health facilities, such as those reporting in health offices, state universities and colleges, government-owned and -controlled corporations, and local government units, among others.

This proposal stands to benefit roughly 150,000 health workers in the public sector.

This representation firmly believes that we should immediately address gaps in our public health system and continuously strengthen the delivery of healthcare services, by ensuring that our health workers are not only paid a living wage but that the benefits guaranteed by law are likewise sufficient to sustain their living conditions.

In view of the foregoing, we urge the swift passage of this measure.
