TWENTIETH CONGRESS
First Regular Session
HOUSE BILL NO. 6565

Introduced by **REPRESENTATIVES JOSEPH KIM C. YU and MARIA KRISTINA
JIHAN B. GLEPA**

EXPLANATORY NOTE

Our 1987 Constitution provides that the State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make education accessible to all.

Needless to say that the Constitution mandates the State to ensure that access to education should always be proactively prioritized. The ultimate goal is that no child should be denied the opportunity to learn and succeed, regardless of their race, gender, or socio-economic status.

This bill aims to separate the Tambulig National High School – Lower Tiparak Annex from its parent school, Tambulig National High School. The Lower Tiparak Annex has been in operation for 18 years, experiencing a steady increase in student enrollment over time. However, because it remains legally under the control and supervision of the parent school, it faces administrative and logistical challenges that limit its ability to operate independently. These constraints impact decision-making, resource allocation, and long-term planning. Granting it full independence will enable the school to better address the specific needs of its students and the community it serves.

In view of the foregoing, the passage of this bill is earnestly sought.
