HOUSE BILL NO. 7224

AN ACT
GRANTING FULL INSURANCE COVERAGE TO ALL QUALIFIED
AGRARIAN REFORM BENEFICIARIES OF THE COMPREHENSIVE
AGRARIAN REFORM PROGRAM, AMENDING FOR THE PURPOSE
REPUBLIC ACT NO. 6657, AS AMENDED BY REPUBLIC ACT NO. 9700,
OTHERWISE KNOWN AS THE “COMPREHENSIVE AGRARIAN
REFORM LAW OF 1988”

EXPLANATORY NOTE

Natural disasters account for most of the Philippines' total disaster-related property damages, which include agricultural losses. Typhoons and floods damage crops, infrastructure, and supply chains, leading to reduced farm output and increased production costs. This often forces farmers into debt as they take out loans for inputs to replant. The majority of these farmers are small-scale producers with limited access to insurance and financial support, exacerbating their vulnerability.

Thus, this bill seeks to mitigate the effects of natural calamities by providing full insurance coverage to qualified farmers. Full crop insurance coverage shall be granted for losses pertaining to those resulting from natural calamities such as typhoon, flood, drought, earthquake and volcanic eruption, among others.

Through this bill, it is hoped that our farmers will gain the confidence to invest in better seeds, technology, and sustainable practices, knowing they're protected. Keeping farms viable contributes to a stable food supply for the nation, reducing reliance on imports and supporting the national economy. Overall, the goal is to maintain a resilient farming sector, bolstered by insurance, supports local jobs and businesses in rural areas.

This bill was also filed during the 19th Congress, where it was approved on third and final reading by the House of Representatives.

In view of the foregoing, the passage of this bill is earnestly sought.
