EXPLANATORY NOTE

Section 27 of Republic Act 936 otherwise known as the “Electric Power Industry Reform Act of 2001” states that “[t]he power to grant franchises to persons engaged in the transmission and distribution of electricity shall be vested exclusively in the Congress of the Philippines...”

This Bill seeks to grant a congressional franchise to the Mountain Province Electric Cooperative (MOPRECO) to provide electric power distribution system to the people of the municipalities of Barlig, Bauko, Besao, Bontoc, Natonin, Paracelis, Sabangan, Sagada, Sadanga and Tadian, all in the province of Mountain Province.

MOPRECO was registered with the National Electrification Administration (NEA) on May 25, 1974, as a non-stock, non-profit electric cooperative. It was issued a Certificate of Franchise on March 25, 1981 valid for fifty (50) years.

For more than fifty years since 1974, MOPRECO has grown from supplying electricity to just one barangay—Poblacion, Bontoc to supplying all barangays within MOPRECO’s coverage area. It has attained and sustained NEA’s highest performance ratings with an A+ rating from 2010-

2014 and an AAA rating from 2015-2024. In addition, it has consistently received unqualified audit opinions from external Audit since 2006, reflecting sound financial management and compliance.

Granting a legislative franchise to MOPRECO will ensure the continuous supply and delivery of electric power to the people of Mountain Province.

It is thus imperative that this bill be approved.

Be it enacted by the Senate and House of Representatives of the Republic of the Philippines in Congress assembled:

SECTION 1. Nature and Scope of Franchise. – Subject to the provisions of the Constitution and applicable laws, rules and regulations, there is hereby granted to the Mountain Province Electric Cooperative (MOPRECO) hereunder referred to as the Grantee, its successors or assigns a franchise to construct, install, establish, operate, own, manage and maintain in the public interest and commercial purposes, a distribution system for the conveyance of electric power to the end-users in the municipalities of Barlig, Bauko, Besao, Bontoc, Natonin, Paracels, Sabagan, Sagada, Sadanga and Tadian, all the Municipalities of the Province of Mountain Province.

As used in this Act, distribution system refers to the system of wires and associated facilities including sub-transmission lines belonging to a franchised distribution utility extending between the delivery point on the

national transmission system or generating facility and the metering point or facility of the end-users.

SEC. 2. *Manner of Operations of Facilities.* – All electric distribution facilities, lines and systems for electric services installed, owned, maintained, operated, managed by the Grantee, its successors or assigns shall be operated or maintained at all times in a superior manner, and it shall be the duty of the Grantee, its successors or assigns, whenever required to do so by the Energy Regulatory Commission (ERC), or its legal successor, or the Department of Energy (DOE), or its legal successor, or any other government agency concerned to modify, improve and change such facilities or systems in such manner and to such extent as the progress in science or technology and improvements or innovations in the electric power services may render reasonable and proper.

Whenever practicable, and for purposes of maintaining order, safety and aesthetics along the highways, roads, streets, alleys or right-of-way, the Grantee may allow the use of free spaces in its poles, facilities, or right-of-way by interested parties upon reasonable compensation to the Grantee considering the costs incurred to accommodate and administer the use of the Grantee's facilities by such parties. The ERC shall decide in case of dispute or disagreement between the parties.

SEC. 3. *Authority of the ERC and NEA.* – The Grantee shall secure from the ERC or NEA any government agency having jurisdiction over its operations, the Certificate of Public Convenience and Necessity and any other license, permit or authority indispensable for the construction and operation of the electric power distribution system.

SEC. 4. *Excavation and Restoration Works.* – For the purpose of erecting and maintaining the poles or other supports for said facilities, wires or other conductors or for the purpose of laying and maintaining said facilities, wires, cables or other conductors, it shall be lawful for the Grantee, its successors, or assignees, in coordination with the Department of Public Works and Highways (DPWH) or the local government unit (LGU) concerned, as may be appropriate, to make excavations or lay conduits in any of the public places, highways, road, streets, lanes, alleys, avenues, sidewalks, or bridges of the province, cities or municipalities: *Provided, however,* That a public place, highway, road, street, lane, alley, avenue, sidewalk, or bridge disturbed, altered, or changed by reason of erection of poles or other supports or the underground laying of wires, other conductors or conduits, shall be repaired and replaced in workmanlike manner by the Grantee, its successors or assignees, in accordance with the standards set by the DPWH or the local government unit concerned. Should the Grantee, its successors or assignees, after the ten (10)-day notice from the grant of authority, fail, refuse or neglect to repair or replace any part of public place, highway, road, street, lane, alley, avenue, sidewalk, or bridge altered, changed, or disturbed by the said Grantee, its successors or assignees, then the DPWH or the local government unit concerned shall have the right to have the same repaired and replaced in good

order and condition and charge the Grantee, its successors or assignees, double the amount of the cost and expenses for such repair or replacement.

SEC. 5. Responsibility to the Public. – The Grantee shall supply electricity to its captive market in the least costly manner. In the interest of the public good and as far as feasible and whenever required by the ERC, the Grantee shall modify, improve, or change its facilities, poles, lines, systems and equipment for the purpose of providing efficient and reliable service and reduced electricity costs. The Grantee shall charge reasonable and just power rates for its services to all types of consumers within its franchised area in order that business and industries shall be able to compete.

The Grantee shall have the obligation to provide open and nondiscriminatory access to its distribution system and services for any end-user within its franchise area consistent with Republic Act (RA) No. 9136, otherwise known as the “Electric Power Industry Reform Act of 2001”. The Grantee shall not engage in any activity that will constitute an abuse of market power such as unfair trade practices, monopolistic schemes, and other activities that will hinder competitiveness of business and industries.

SEC. 6. Rates for Services. – The retail rates and charges for the distribution of electric power by the Grantee to its end-users shall be regulated by and subject to the approval of the ERC or its legal successor.

The Grantee shall identify and segregate in its electricity bill to the end-users the components of the retail rate pursuant to RA No. 9136, unless otherwise amended. Such rates charged by the Grantee to the end-users shall be made public and transparent. The Grantee shall implement lifeline rate to marginalized end-users as mandated under RA No. 9136.

temporarily take over and operate the stations or facilities of the Grantee; to temporarily suspend the operation of any of its stations or facilities in the interest of public safety, security and public welfare; or to authorize the temporary use and operation thereof by any agency of the government, upon due compensation to the Grantee, for the use of the stations or facilities during the period when these shall be so operated.

SEC. 10. Right of Eminent Domain. – Subject to the limitations and procedures prescribed by law, the Grantee is authorized to exercise the right of eminent domain insofar as it may be reasonably necessary for the efficient maintenance and operation of services. The Grantee is authorized to install and maintain its poles, wires, and other facilities over and across public property, including streets, highways, forest reserves, and other similar property of the Government of the Philippines, its branches, or any of its instrumentalities. such transfer, sale, or assignment is in accordance with the constitutional limitations: *Provided, furthermore*, That failure to report to Congress such change of ownership shall render the franchise *ipso facto* revoked: *Provided, finally*, That any person or entity to which this franchise is sold, transferred, or assigned, shall be subject to the same conditions, terms, restrictions, and limitations of this Act.

SEC. 15. Reportorial Requirement. – The Grantee shall submit an annual report to Congress, through the Committee on Legislative Franchises of the House of Representatives and the Committee on Public Services of the Senate, on its compliance with the terms and conditions of this franchise and on its operations on or before April 30 of every year during the term of the franchise. The reportorial compliance certificate issued by Congress shall be required before any application for permit or certificate is accepted by the ERC.

SEC. 16. Fine. – The failure of the Grantee to submit the requisite annual report to Congress shall be penalized with a fine in the amount of Five hundred pesos (P500.00) per working day of noncompliance which shall be collected by the ERC. The fine shall be collected separately from the reportorial penalties imposed by the ERC and shall be remitted to the national treasury.

SEC. 17. Equality Clause. – Any advantage, favor, privilege, exemption, or immunity granted under existing franchises, or which may hereafter be granted, upon prior review and approval of Congress, shall become part of this franchise and shall be accorded immediately and unconditionally to the herein Grantee: *Provided, however*, That the foregoing shall neither apply to nor affect provisions concerning territory covered by the franchise, the life span of the franchise or the type of service authorized by the franchise: *Provided, further*, That the foregoing shall not apply to the sale, lease, transfer, grant of usufruct, or assignment of legislative franchises with prior congressional approval.
