HOUSE BILL NO. **9077**

INTRODUCED BY REPRESENTATIVE USTADZ YUSOP T. ALANO

EXPLANATORY NOTE

Article XIV, Section 1 of the 1987 Constitution provides that:

“The State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all.”

Consistent with this constitutional mandate, the government continues to expand access to public secondary education, particularly in geographically isolated and underserved communities where students often face significant barriers in pursuing their studies due to distance, transportation limitations, and limited school capacity.

The Sinulatan National High School–Tuburan Annex located in Barangay Tuburan, Municipality of Mohammad Ajul, Province of Basilan was established to address the growing need for accessible secondary education among students residing in the community and nearby localities. Through the years, the annex has played an important role in bringing public secondary education closer to learners who would otherwise need to travel considerable distances to attend the main campus.

Despite its importance, the continued operation of the annex under the administrative supervision of the parent school limits its institutional

development and its ability to fully expand academic programs, personnel support, and infrastructure. Converting the annex into an independent national high school will allow the institution to operate with greater administrative autonomy, improve resource allocation, and strengthen the delivery of educational services to its students.

This measure therefore seeks to separate the Sinulatan National High School–Tuburan Annex from the Sinuatan National High School and convert it into an independent national high school to be known as the Misuara Ajul Memorial National High School.

The establishment of the Misuara Ajul Memorial National High School will help strengthen the government’s efforts to make quality secondary education more accessible to Filipino learners and to promote inclusive educational development in the Province of Basilan.

In view of the foregoing, the approval of this bill is earnestly sought.
