HOUSE BILL NO. 9092

Introduced by **REPRESENTATIVE JENNIFER A. LAGBAS**

EXPLANATORY NOTE

The fisheries and aquaculture sector remains an important source of food, livelihood, and economic activity in many coastal communities, including the City of Gingoog, Misamis Oriental. However, the growth of the sector is often limited by the inadequate supply of quality fingerlings and fry, as well as the lack of accessible hatchery facilities that can support local fish production.

This bill seeks to establish a multi-species freshwater fish and marine hatchery in Barangay Pangasihan, City of Gingoog, Misamis Oriental, under the supervision of the Bureau of Fisheries and Aquatic Resources (BFAR) of the Department of Agriculture. The proposed hatchery will provide a sustainable source of quality fish stocks, strengthen local aquaculture production, and help improve food security and livelihood opportunities for fisherfolk and fish farmers in the municipality and nearby areas.

The measure also provides for the conduct of a feasibility study, continuing research on breeding and production suited to local conditions, and the eventual transfer of management of the hatchery to the local government unit, with the corresponding training and support for local personnel to ensure its long-term sustainability.

In view of the above, passage of this bill is earnestly sought.

HOUSE BILL NO. 9092

Introduced by **REPRESENTATIVE JENNIFER A. LAGBAS**

AN ACT
ESTABLISHING A MULTI-SPECIES FRESHWATER FISH AND MARINE
HATCHERY IN BARANGAY PANGASIHAN, CITY OF GINGOOG, PROVINCE OF
MISAMIS ORIENTAL, AND APPROPRIATING FUNDS THEREFOR

Be it enacted by the Senate and House of Representatives of the Philippines in Congress assembled:

SECTION 1. There shall be established, under the supervision of the Bureau of Fisheries and Aquatic Resources of the Department of Agriculture (BFAR-DA), multi-species freshwater fish and marine hatchery in Barangay Pangasihan, City of Gingoog, Province of Misamis Oriental.

SEC. 2. Prior to the establishment of the freshwater multi-species fish and marine hatchery, the BFAR-DA shall conduct a full-scale feasibility study in support of its construction to comply with the requirements of the Department of Budget and Management.

Within two (2) years after the construction of the freshwater fish and marine hatchery, the BFAR-DA shall, through a memorandum of agreement, transfer its management of the multi-species freshwater fish and marine hatchery to the city government of Gingoog, Misamis Oriental. It shall implement a training and phasing-in program for the local government personnel on the management and operation of the hatchery.

SEC. 3. The BFAR-DA shall conduct continuing research and experimentation on the breeding and production of freshwater fish species, especially as they apply to local conditions, to discover new methods and technologies that will enhance the fishing industry.

SEC. 4. The Secretary of Agriculture shall include in the Department's programs the conduct of a feasibility study and the consequent establishment of multi-species freshwater fish and marine hatchery in Barangay Pangasihan, City of Gingoog, Province of Misamis Oriental, the funding of which shall be included in the annual General Appropriations Act. The local

government unit concerned shall set aside funds from any available local revenue in an amount deemed appropriate for the operationalization of the hatchery.

SEC. 5. Within sixty (60) days from the effectivity of this Act, the Secretary of Agriculture shall promulgate the necessary rules and regulations on the supervision, operation, monitoring, and the eventual transfer of the multi-species freshwater fish and marine hatchery to the City of Gingoog, Province of Misamis Oriental.

SEC. 6. This Act shall take effect fifteen (15) days after its publication in the *Official Gazette* or in a newspaper of general circulation.

Approved,
