TWENTIETH CONGRESS
Second Regular Session
House Bill No. 9872

INTRODUCED BY REP. PATRICK MICHAEL “PM” D. VARGAS

AN ACT
ESTABLISHING A COMMUNITY TOOLBOX IN BARANGAY GREATER
LAGRO, DISTRICT V OF QUEZON CITY AND APPROPRIATING FUNDS
THEREFOR

EXPLANATORY NOTE

Barangay Greater Lagro, located in District V of Quezon City, is a densely populated and rapidly developing community where many households rely on incremental home improvement, informal repairs, and small-scale livelihood activities to sustain their daily needs. Despite this, access to basic tools for carpentry, plumbing, sewing, and minor construction remains limited due to financial constraints.

For many residents, the cost of purchasing tools competes with essential household expenditures such as food, education, and healthcare. At the same time, a significant number of residents possess the skills necessary for basic repairs and productive activities, but are constrained by the lack of access to appropriate equipment.

This measure seeks to establish a *Community Toolbox in Barangay Greater Lagro*, which will serve as a shared facility where residents may borrow essential tools for home maintenance, small construction, and livelihood-related activities. By institutionalizing a tool-sharing system at the barangay level, the measure promotes:

1. *Economic Relief* – reducing the need for households to purchase costly tools for occasional use;
2. *Livelihood Support* – enabling residents to engage in small-scale repair services and income-generating activities;

3. *Disaster Preparedness and Resilience* – ensuring communities have access to the tools necessary for immediate repairs during emergencies;
4. *Environmental Sustainability* – encouraging shared use of resources and reducing unnecessary consumption; and
5. *Community Cohesion* – fostering cooperation and shared responsibility among residents.

The establishment of a Community Toolbox aligns with the State’s policy to empower local government units and strengthen community-based initiatives that improve quality of life at the grassroots level.

In view of the foregoing, the immediate passage of this bill is earnestly sought.
