House Bill No. 10070

INTRODUCED BY REP. PATRICK MICHAEL “PM” D. VARGAS

AN ACT
HONORING AND GRANTING ADDITIONAL BENEFITS TO EXEMPLARY
CITIZENS OF BARANGAY GREATER LAGRO, DISTRICT V, QUEZON CITY

EXPLANATORY NOTE

The barangay, as one's immediate community, plays a significant role in one's personal growth and development as one creates ties to peers, the local sports team, and their neighborhood and its residents. As such, it is important that the barangay is a safe setting where correct values are appreciated and positive influences are reinforced.

In this era of digital technology, however, people are more susceptible to various forms of influence through multimedia sources, making them more exposed to external influences. The rise of microcelebrities in the form of social media influencers has been widespread, causing millions of followers on the digital platform.

Although many influencers have had positive effects on followers, especially in pushing for various social advocacies, studies have shown that exposure and consumption of social media are highly linked with tendencies of depression, anxiety, and antisocial personality disorder, to name a few, which can lead to impairments in vital areas of life.

This initiative seeks to promote the beneficial effects of influencers at the barangay level, where people can relate to, engage with, and interact with one another in person rather than online. These community influencers could be leaders and champions in public service, volunteer or civic organizations, or they could be strong advocates for education, climate change impact, reproductive health, and care for the elderly, among others.

The purpose of this measure is to honor and celebrate excellent residents of the Barangay, naming them “Pambihirang Mamayan ng Greater

Lagro”, who can influence others within the barangay and inspire more leaders and champions in the community who may serve as role models, particularly for the younger generations.

In view of the foregoing, approval of this bill is urgently sought.
